## Who am I? | The Old Testament | #005

I am from Tsor'ah of the clan of the Danites. My wife was barren and had not borne.

One day, she came to me and she said, "A man of Elohim came to her, and that his appearance was of a Messenger of Elohim, very awesome." My wife told me that this messenger told her that she would bear a son! She was not to drink wine or strong drink, nor eat any unclean food. This messenger said the youth is to be a Nazarite to Yahuwah from the womb to the day of his death.

I prayed to Yahuwah to please let the Man of Elohim to come us again so we can know what to teach and do for the youth who is to be born.

Shortly after, my wife came running to me, she said, "the man of Elohim has appeared to her." I went chasing after him to see if he was the man who came to my wife. He said, "I am." I told Him to let all His words come true. But what is to be the rule for the youth's life and his work? The messenger said to do all He commanded my wife.

I asked Him to stay for some food. He said He would not eat our food, but that we should do a burnt offering to Yahuwah.

As I was doing the burnt offering, the Messenger of Yahuwah went up to the heaven in the flame of the alter. After this, I knew He was the Messenger of Yahuwah.

So my wife bore and son and called him Shimshon. Who am I?
